

Traffic A foundational year crowned with promising results

A merger year and one with a strong recovery in activity: 2021 was an unprecedented year for HAROPA PORT, registering growth in maritime traffic of 12% - the Northern Range's strongest rate – surpassing three million TEU for the first time and enhancing its attractiveness for logistics and industrial operations. In order to address its challenges, the port complex will be applying an exceptional level of investment in 2022 – €256m – of which an increasing share will be allocated to the energy transition.
